

## Inclement Weather Policy

### **Snow and Inclement Weather**

In most situations, Saint Andrew's United Methodist Day School and Extended Care will follow the decision of the Anne Arundel County Board of Education regarding the closing of schools due to inclement weather. However, Saint Andrew's reserves the right to make its own decisions regarding weather-related closings.

In all cases of weather-related changes to the regular school day, parents will be notified via telephone, e-mail, text message, the school's website and other social media, provided power and phone service allows.
